## S. S. Great Northern Will Come; Plan Out

### ANNOUNCEMENT OF NEW SERVICE NOW OFFICIALLY MADE

First Trip of Regular 20-day  
Schedule Will Begin When  
Speedy Steamer Sails From  
San Pedro on November 26  
for Hilo, Thence to Honolulu,  
Thence to San Francisco;  
Regular Service This Winter

\*\*\*\*\*  
(A. P. by Federal Wireless)  
SAN FRANCISCO, Cal., Oct. 16.—The Great Northern Pacific Steamship Company formally announced today that the crack liner Great Northern will leave San Pedro on November 26 for Hilo, Hawaii, and Honolulu and return here. This is the first trip of a regular 20-day schedule to be maintained between Los Angeles, Hilo, Honolulu and San Francisco.  
The despatch above officially confirms the predictions in this paper that the Great Northern would go upon the Coast-Hawaii run even though it has received no substantial freight guarantees in Honolulu.  
Local businessmen who heard the news this afternoon were gratified to learn of the new steamer service.

## RAPID TRANSIT SUIT LIKELY TO BE POSTPONED

Attorney-General Waiting for  
Report on Road's Physi-  
cal Condition

When the case of the territory against the Honolulu Rapid Transit & Land Company, a suit for injunction, is called for trial in Circuit Judge Stuart's court at 10 o'clock next Monday morning, the court will be asked to continue the case for probably one week, it was announced today.

The bill for injunction asks that the Rapid Transit be restrained from further increasing its present capital stock. The law firm of Holmes & Olson has been retained by the territory. Castle & Withington represent the Rapid Transit.

Attorney-general I. M. Stainback said today that Charles R. Forbes, superintendent of public works, has been making an investigation regarding the physical value of the Rapid Transit, and collecting data and information in this respect for the attorney-general's department. Although this investigation was to have been completed today, the attorney-general added, the attorneys for the territory desire to have time to look over the findings of the superintendent of public works.

For this reason the court will be asked to further continue the case. The motion, said Mr. Stainback, will be by agreement between both parties to the suit. Mr. Stainback added that he does not yet know the length of the proposed continuance.

## GOOD CITIZENSHIP DAY TO BE HELD BY CHURCHES

Sunday, October 17, was set aside by the World's Christian Endeavor convention, which met in Chicago in June, as "Good Citizenship Day." Acting on the suggestion that its observance be made nation wide, the local Young People's Societies are planning a special program for tomorrow. They have asked Paul Steel, Citizenship education secretary of the Y. M. C. A., to assist in arranging the program and speakers.

At Central Union the movement will be led by R. E. Lambert, who will outline the duties of the young people towards helping the other races of the city to become good citizens. A part of the nation-wide celebration will be the discussion of the attitude of good citizens towards a saloonless nation by 1920. Dr. J. W. Wadman, superintendent of the Anti-Saloon League,

## BIG ARMY AND NAVY PLANS ARE GIVEN TO PUBLIC

Six-Year Program for Army  
Will Bring Trained Forces to  
Million and a Quarter

MANY MORE WARSHIPS  
OF ALL MODERN TYPES

Appropriations Must Be Materially  
Increased to Care  
For Added Expense

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., Oct. 16.—Details of the administration's notable program for national defense, calling for big army and navy expansion, have been officially revealed as a result of the recent conference of the president, the secretaries of war and the navy, leading congressmen and army and navy chiefs.

The plan includes a six-year program, which will bring the army, with reserves, to 1,250,000 men.  
It adds 10 dreadnoughts, six battle-cruisers and 85 submarines to the navy, as well as 50 destroyers.

The army and navy appropriations must be greatly increased to provide for the new development.

(Further details of the army and navy program will be found on page 16, today.)

## MURRAY FAVORS BOND ISSUE FOR WORK ON SEWERS

Thinks New and Comprehensive  
Plan Must Be Adopted;  
to Gather Data

That the only way of carrying out a complete and satisfactory sewer system for Honolulu is on a comprehensive scheme for the whole city, paid for by bonds regularly issued, is the belief of General Manager of Water and Sewers Harry E. Murray.

"We intend to go ahead at once getting data out for all the different places of the city, estimating the cost on each of the projects," says Murray. "Kalihi, which was mentioned in a letter to the supervisors from the Chamber of Commerce night before last, is in need of consideration, but it is only one of several schemes that have to be taken up."

Manager Murray mentions, for example, the Waikiki swamp, which includes all of the new tracts in that vicinity on which houses have been placed, together with all of the land which will be reclaimed as soon as the plans of the public works department are carried through, the Kaka-

(Continued on page two)

## NINETEEN YEAR LAD HAS RECORD OF FIVE THEFTS

If you were a judge and there was brought before you a 19-year-old boy who had committed five burglaries and had been sentenced to jail on three of the charges, what penalty would you inflict as punishment on the fifth charge?

This is the problem which confronted Circuit Judge Ashford today. Joseph Lulu, Hawaiian, was before the court. Lulu now is serving three separate sentences which are running concurrently, the longest being three years. While working with a gang of prisoners in the Capitol grounds the other day Lulu sneaked off, entered a house at Hotel and Likilike streets and stole a lot of jewelry, thereby committing his fifth burglary offense.

Lulu began his criminal career by stealing, and this brought him a term at the reform school. He escaped from the reform school, later returning and breaking into the place, where he secured some food, clothes and money. Following this he committed three other burglaries.

Judge Ashford sentenced Lulu to serve six months at hard labor in Oahu prison. This sentence, however, will not run concurrent with the sentence he now is serving. It will be added to the present term, and means that Lulu will have to stay in jail for

## BULGARS MAY CUT OFF AID FOR SERBIA

### DOUBLE MURDER IN MANOA HOME IS NEW THEORY

Stainless Knife Found By Sup-  
posed Suicide; Bloody Blade  
in Front of House

SEVENTEEN YEAR OLD  
WIFE DIES FROM CUT

Disconnected Statements of  
Hysterical, Drink Befuddled  
Witnesses Disagree

Hard at work on a new clue in the case of the double death in Manoa valley, where 19-year-old Ella Long and his 17-year-old wife were stabbed to death at their home at 9:30 last night, the police expect to show that there were two murders, instead of a murder and a suicide as was at first expected.

The chief new clue is a knife which was found under the body of Ella Long, a knife which had not a stain of blood on it, while the bloody knife was found in front of the house 10 feet from the bottom of the steps. This upsets the original theory which was supposed to be true after the casual evidence gathered from witnesses last night at the scene of the murders. At first the police believed Long murdered his wife and then stabbed himself to the heart.

Disconnected statements of witnesses last night were that Agnes, the young wife, had run from her bedroom screaming for help, and had rushed down the path outside the house, bleeding from a great gash in her throat, and that her husband, following her, had slashed at his uncle, Antonino Long, who stood on the porch wounded him on the left arm and side, turned and rushed back into the house in search of a gun and had there turned the knife upon himself and inflicted the fatal wound.

Gathered in the house of Ella Long

## SEC. DANIELS HOPES TO COME HERE NEXT YEAR

Postponement of Trip for This  
Summer Was Disappoint-  
ment to Naval Chief

By C. S. ALBERT.

(Special Star-Bulletin Correspondence)  
WASHINGTON, D. C., Oct. 16.—Secretary Daniels of the navy is looking with longing eyes in the direction of Hawaii. He has in no degree recovered from the disappointment experienced when the European war broke forth and the Panama canal kicked up its heels, precipitating a landslide, thus preventing him from bringing the Atlantic fleet around to the Pacific coast, and continuing on to Honolulu with a division of the biggest battleships. His disgust at the untoward events which thwarted his visit was so great at one time that he abandoned all hope of making the journey. Now he has caught his second wind and is looking to grab the trip on the rebound.

As a matter of cold-blooded fact Secretary Daniels is even at this minute figuring on going out to Honolulu next summer, taking with him a division of fighting ships through the big ditch at Panama. He believes that perhaps the European war may melt away or simmer down, and that he can slip across the Pacific before the national campaign for the selection of a President begins to make the dust fly. It is his idea that between the holding of the great party conventions and the windjamming period, preceding the November elections, an opportunity may be afforded for paying the visit on which his heart was set this year.

This calculation would bring the naval secretary to Honolulu at approximately the same date as was fixed this summer. He would plan to leave Hampton Roads about the middle of July and return to the East along toward the 15th of September, thus allowing two months for his official vacation.

In addition to possessing a desire to meet all the good people of Hawaii the feeling is entertained by Secretary Daniels that it is his duty as head of the naval establishment to inspect the great naval and marine base being built up near Honolulu. Since he became a member of President Wilson's cabinet the utmost interest has been manifested by Mr. Daniels in the Pearl Harbor drydock and the fortifications being arranged for its proper defense and protection. He would like to see with his own eyes what progress is being made and

## LOCAL CHINESE ASKED TO JOIN SHIP SYNDICATE

New Steamship Line May Be  
Floated With Aid of Island  
Capital

CHINA TO START ON RUN  
SOME TIME LATE IN MONTH

Community Here Will Probably  
Give Special Welcome at  
Initial Visit

(Special Cable to Hawaii Shiping)  
SAN FRANCISCO, Cal., Oct. 16.—S. S. China, which was recently purchased by the Chinese Mail Steamship Company, will leave San Francisco on October 28 or 30. The China will run between San Francisco and the Orient, competing with the T. K. K.

Honolulu capital will probably be interested in the new Chinese Mail Steamship Company, Ltd.  
Unconfirmed reports for several days past that the Pacific Mail Steamship Company had disposed of the popular liner China to a syndicate of Chinese capitalists are borne out by a cablegram received yesterday by the Chung Wah Merchants' Association of this city. The Chinese Association is asked to aid in subscribing to the \$500,000,000 stock of the new company. The cablegram is as follows:

Chung Wah Merchants' Association, Honolulu.  
Matter China purchased. She will sail within this month. Request your association to give assistance in selling stocks, so as to maintain the dignity of the nation. Other details will be given in writing afterwards.

THE CHINESE MAIL STEAMSHIP CO., LTD., by Lok Tinell, Mgr.  
Replying, members of the association ask for further details. No local arrangements have been made for the call of the China here under the new flag, said Ching Shai, one of the leading members of the association, today. Agents have not been selected. There is said to be a possibility that H. Hackfeld & Company, the Pacific Mail agents, will be chosen to represent the new Chinese ship line.

Though no arrangements have been made to welcome the China on her initial voyage for the new company, Chinese businessmen will unite in giving her a special welcome. The Merchants' Association will hold a meeting some time next week to discuss details.

## ILLINOIS MAN TO BE MANAGER OF CHARITIES

Edgar A. Brooks of Peoria Se-  
lected to Succeed Miss Mar-  
garet Bergen Here

Edgar A. Brooks of Peoria, Ill., will be the new manager of the Associated Charities of Hawaii succeeding Miss Margaret Bergen, who was sent here by the New York Society. Mr. Brooks has spent the last year at Peoria, where he was at the head of the Associated Charities of that city. Word was received by J. R. Galt, president of the organization, that Mr. Brooks will arrive in Honolulu some time the last of November.

Miss Bergen will confer with Mr. Brooks at a meeting on the mainland and will give the new manager an idea of the work in Hawaii. Miss Bergen has a national reputation as an organizer, and the officers of the local association regretted to see her leave Honolulu, as she has raised the work here to a high standard. Miss Bergen will be located at Springfield, Ill., next year.

Francis McLean, general secretary of the American Association of Societies for Organized Charity of New York, speaks highly of the work that Mr. Brooks has accomplished on the mainland in a letter to Mr. Galt. The record of the new manager as given by Mr. McLean is: "A graduate of Wesleyan university and the General Theological seminary, in addition to practical work with many charitable organizations." Mr. Brooks has accomplished much in various sciences and last year went to the New York Charity Organization Society. Local officers of the society are pleased to have such an eminent organizer at the head of the local association.

Contracts for five large modern tank steamers were received by the Union Iron Works of San Francisco.

## Iron Fence

### ANOTHER RUMOR THAT GEN. VILLA IS KILLED

Gen. Francisco Villa.

(Associated Press by Federal Wireless)  
EL PASO, Tex., Oct. 16.—An unconfirmed rumor here declares that Gen. Francisco Villa, leader of the principal faction opposing Carranza, has been arrested and executed by his own men at Casas Grandes. Reports of serious dissension among Villa's followers have been prevalent for some time.

DOUGLAS, Ariz., Oct. 16.—Gen. Calles, the commander of the Carranza forces at Agua Prieta, across the border, said today that he is informed that Villa had started for Casas Grandes.

## TRAIN CRASHES INTO WATER AND MANY ARE DEAD

(Associated Press by Federal Wireless)

RANDOLPH, Kansas, October 16.—One of the worst railroad accidents in this part of Kansas occurred today when a Union Pacific motor train crashed through an abutment along Fancy Creek, a mile south of this place, and was hurled into the water. The abutment had been undermined by flood waters. The loss of life is not certain but it is feared it will be large. Many bodies have been recovered and nine more are believed to be submerged in a portion of the car.

## COLORED BASEBALL TEAM FROM CHICAGO ON WAY TO HAWAII

CHICAGO, Oct. 16.—The Chicago American Giants, champion colored baseball team of the world, left here today on a tour of the United States and the Hawaiian Islands. The Giants will play in Honolulu some time the first of the year.

Lieut. Wyman will send the Twenty-fifth Infantry team against the Giants when they arrive here this winter. Goliath, one of the star infielders of the 25th, was at one time a member of the famous colored team, and the local players will be anxious to test their strength against their brothers of the Chicago team.

Thomas Treadway has been in communication with Rube Foster, the manager of the team and the Giants asked to come here, but definite arrangements have not as yet been made. In the last letter received on September 13, Foster stated that he would be willing to come here and submitted terms. A reply was mailed to the Giant manager last week.

## SCHOOLBOY COVERS QUARTER MILE DASH IN WONDERFUL TIME

SAN FRANCISCO, Cal., Oct. 16.—Frank Sloman of Polytechnic High School, who ran second to Ted Meredith in the recent A. A. U. quarter-mile event at San Francisco when the Pennsylvania flyer was trying for a record, smashed the existing interscholastic record in the 440-yard dash today when he covered the distance in 48 1-5 seconds, which lowers the former record made by Meredith in 1912 by 3-5 of a second. The world's record for the distance is 47 seconds, made by Maxey Long in 1900. The intercollegiate record is held by Reidpath and Young, 48 seconds flat.

## SHIBUZAWA WILL MAKE MANY TALKS ON COAST

(Special cable to Hawaii Shiping)  
TOKIO, Japan, Oct. 16.—Baron Shibuzawa and members of his party will leave Tokyo on October 23 for San Francisco, where they have accepted invitations to speak before many prominent organizations. In the party are Shibuzawa's two sons and six men prominent in the commercial life of Japan. Baron Shibuzawa, who is the foremost financial figure

## AID FOR SERBIA

### CZAR FERDINAND RUSHES MEN TO STOP ALLIES' COLUMN AT BORDER; HARD FIGHTS GENERAL

SERIES OF ATTACKS AND COUNTER-ATTACKS ON LORRAINE FRONT—PARIS SAYS TRENCHES TAKEN ARE HELD—BERLIN OFFICIAL DESPATCHES SAY ENEMY SUFFERED HEAVY LOSS

(Associated Press Service by Federal Wireless)  
ATHENS, Greece, Oct. 16.—Authentic reports have reached the Greek government that Bulgaria is making a strong effort to smash the relief expedition sent by the Allies to the aid of Serbia and hopes to stop the Anglo-French forces before they can join the Serbs, who are retreating slowly southward from Belgrade.

Forty thousand Bulgarians are reported to have reached the railroad bridge between Valandovo and Hoydovo, on the railroad line from Saloniki to Nish. This spot is 20 miles north of the Greek border and the Bulgarians are attempting to cut the line to prevent the Allies from getting forward their troops and heavy supplies and effect a connection with the Serbian army.

## Germans Declare Progress in Serbia Being Steadily Made

BERLIN, Germany, Oct. 16.—Official.—Further progress has been made during the last 24 hours in the Serbian campaign. Positions south of Semendria and east of Pozarevao have been stormed, the enemy driven out and the positions fully occupied.

The eastern forts at Zajecar have fallen before the Bulgarian forces.

On the west line, a French attempt to capture a position east of Auberville has failed. Attacks on Souain, Le Mesnil and Deintrey have all failed.

## Hard Fighting on Lorraine Front; French Claim Capture of Trenches

PARIS, France, Oct. 16.—Hard fighting is taking place along the Lorraine front, a series of attacks and counter-attacks resulting in much bloodshed. The French have repulsed the attacks of the Germans designed to recapture the trenches lost yesterday. The French have also repulsed an attack between Lynge and Schratzmannelle, in the Vosges, according to official announcement.

## Official German Cablegram Says English Gas Attack is Fruitless

The following cablegram from official German sources was received late yesterday:

"German Headquarters Report, Oct. 14.—The English have made an attack along nearly the whole front between Ypres and Loos, with gas and smoke, but were defeated everywhere. The English entered the first trenches northeast of Vermelles, which have been partly reconquered by the Germans. Several attacks of the enemy west of Hulluch have been repulsed with heavy losses. Two machine-guns were taken by the Germans in a counter attack south of Aangres, 400 French prisoners being taken when we were reconquering the last points on the height east of Souchez. The French without success repeated the attacks at Tahure and south of the road between Tahure and Souain, suffering enormous losses.

"On the east front Gen. von Hindenburg's army has thrown the Russians from their positions west and southwest of Iliut, capturing 650 and taking three machine-guns. Gen. Bothmer's German troops have conquered Havorinka, south of Baranov, and thrown the Russians back across the Stripa river.

"On the Balkan front the German troops are advancing south of Belgrade. Serbian positions west and northwest and southeast of Pozerva have been occupied by us.

"The Havas News Agency, the official French bureau, dares to affirm that Gen. Joffre's order for the campaign on the west, as made public by German headquarters in the report on October 3, has been invented. German headquarters states that several original copies are in our hands. Furthermore, captured French officers and soldiers frankly admitted their knowledge of the order, of which some had copies."

## EDDISON STARTS FOR FAIR

(Special cable to Hawaii Shiping)  
SAN FRANCISCO, Oct. 16.—Thomas Edison, who has been invited to attend the exposition, left New York today for San Francisco. At a recent meeting of the exposition officials the great inventor was awarded a Grand Medal for his work in scientific lines. The people of San Francisco will give him a grand welcome upon his arrival.

## FOOTBALL RESULTS

Harvard 9, University of Virginia 0;
